Dear Mr. Hannon and Mr. Sukys:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification Number 8 to the Rural, Non-Metropolitan Planning Organization (MPO) portion of the California 2013 Federal Statewide Transportation Improvement Program (FSTIP). This modification reduces the programming capacity by approximately \$99,000. The financial plan will be updated to reflect this change in the next formal amendment.

This administrative modification makes minor changes to project description, costs and schedule for four currently programmed projects. These projects are funded from Congestion Mitigation and Air Quality Improvement Program, State Transportation Improvement Program – Transportation Enhancement, and local funds. The documentation associated with this administrative modification are attached which include summary of programming changes, CTIPS printouts of prior and current changes, and updated detailed backup project listing.

These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2013 FSTIP.
